

PROTOBOARD MICRO PINOUT

25 Hole - 5 Linked Columns

Product Information: https://uurnd.com/p/protoboard_micro

Each column connects like a breadboard.

Example:

0-4 of Row A are connected together.

0-4 of Row B are connected together.

But Row A 0-4 and Row B 0-4 are separate from each other.

The one 3mm screw hole plus the lone pad on the back are connected to the ground plane.
